6th March 2019

Robotics Club Years 2 – 6 Expression of Interest

Dear parents/caregivers,

Once again we will be running the Robotics Club this year on Tuesday mornings at 8am. The club is open to students in Years 2-6. As places in the group are limited, ***students*** are required to submit a written application expressing their commitment and passion for robotics.

We will revise the membership of the Club after each 8-week block of meetings. This will allow more students the opportunity to develop their skills. Students who do not make the first round of offers, may secure a spot later in the year.

It is essential that students who wish to be part of the Robotics Club be present at school at 8am every Tuesday morning.

To help with this application *some* of the attributes and skills we are looking for include:

- Students who have an interest in coding and robotics.
- Students who are team players - collaboration is an essential skill in this Club.
- Students who are respectful of peers, staff and equipment.

Please attach the ***student's*** written application to the back of the signed permission slip and return to school by **Friday 15nd March 2019.**

Yours sincerely

R. Devereaux

E. Colton

E. Berwick

.....
Permission to participate in the Robotic Club

Student name: _____ Class: _____ Year: _____ Date: _____

Parent Name: _____ Parent Signature: _____

When all expressions of interest have been collated, successful applicants will be notified in writing. Thank you for your interest in the Robotics Club!
