**ECO CLUB**

Earth Warriors, we need you!

Are you interested in protecting our planet and finding ways to make your school, home and community more environmentally friendly? Well, this club is perfect for you!

Eco Club is open for students currently in K-5. There will be a place for all children, with different skills and personalities. With many different tasks to be undertaken, there is bound to be a task perfect for you! We are hoping to establish Eco Club this term, with the same group of students carrying this role into 2020.

The club will be run and supported by three parent volunteers (Kit Carstairs, Kylie Foot and Mel Crumblin) and two staff (Mrs Field and Mrs Vidler). Eco Club will meet each week on Fridays at recess, starting from Week 4 (Friday 8 November). If your parent/s would like to help out, they just need to let the office know they are interested and the organisers will get in touch.

If you would like to join Eco Club, we'd love to hear from you. To apply, just tell us a little bit about yourself and why you want to join Eco Club. You could write a letter, draw a picture, or a combination of both, showing how you are environmentally friendly or what you are hoping to achieve from becoming an Eco Club member. All applications need to be handed into the school office by Tuesday 5 November.

To help with this application, some of the attributes and skills we are looking for include:

- Students who have an interest in sustainability, bush care, Reduce / Reuse / Recycle ideas.
- Students who have ideas about how to make the school greener and more sustainable.
- Students who are respectful of each other, other people's ideas, parent helpers and the planet.

Please attach the student's application to the signed permission slip and return to the school office by **Tuesday 5 November**.

Yours sincerely,

Eco Club Organisers
