2022 Enrolment Intention

Dear Parents/Caregivers,

It is that time of year where I need to start looking ahead into 2022 and begin the process for school planning and organisation. The information required is about your intention to continue with your child's enrolment here at our school. I need this information returned from all families as it is crucial in making predictions about our enrolment numbers and these numbers impact on the staffing allocation provided to our school by the NSW Department of Education. If my predictions are accurate, there should be minimal disruption or change at the beginning of the next school year, which is best for students and staff.

There is an additional option for parents to communicate any special considerations they would like to request that will support the wellbeing of their child as they return to school. I give no guarantees these requests can be met, but where a significant need exists, these requests will be considered.

I ask that you complete the form attached and return it to the school office before:

Friday Week 6
12th November 2021

Yours Sincerely,

May Ptolemy
Principal
