## **COLOUR EXPLOSION OBSTACLE COURSE 2023**

**Event date: Friday 22<sup>nd</sup> September 2023**

### **HANDY HINTS**

Here are a few handy hints that might help you and your child prepare for making the most out of the Colour Explosion Obstacle Course 2023 on Friday 22<sup>nd</sup> September 2023. There will be coloured powder, which is non-toxic (coloured cornflour), used at specific stations around the course. Some of these hints will help children (and parents) deal with this element of the fun.

- Going home – If children are travelling home by car, place a towel on their seat to avoid transfer of colour to the upholstery.
- Hair Protection – As the coloured powder contains food dye, it can stain blonde/light hair. We have encouraged children to wear a hat or bandanna to cover their hair. You can rub coconut oil into their hair before the event or use a leave-in conditioner. Otherwise, just let them enjoy a bit of extra hair colour for a few days.
- Eye Protection – We have encouraged children to wear sunglasses. Goggles will also help to keep powder out of their eyes.
- Clothes Protection – The colour will eventually wash out of just about anything but avoid sending your child to school in their best outfit. Old clothes and shoes would be best, or those bought specifically for this event, such as the white T-shirt for sale by the school.
- Breathing Precautions – Students will be encouraged to cover their nose and mouth as they go through the colour stations. As an extra precaution, you may choose to provide them with a handkerchief, some tissues or even a face mask.
- Cleaning Skin – Dust off any loose powder or wipe off using baby wipes. Shower with soap/body scrub to remove any remaining colour properly.
- Cleaning Hair - Dust any loose powder out of your child's hair and brush through vigorously. Rinse out any oil/conditioner used with cold water. Then wash their hair as normal.
- Cleaning Shoes – A good scrub with soapy water does a good job.
- Preserving Shirts – There are a number of theories available online about how to preserve your child's coloured fun run shirt, usually involving a combination of water and vinegar.

Please contact the school [leura-p.school@det.nsw.edu.au](mailto:leura-p.school@det.nsw.edu.au) if you have any questions or concerns.
